Key features

- New LUCIA EX pigment ink system and improved image processing technology delivering:
  - Wider colour gamut
  - Smoother gradation, deeper dark tones and sharper blacks
  - Improved scratch resistance and reduced bronzing
  - Higher print registration accuracy for precise text and fine lines
- High speed, economical printing with new Fast mode

- Built in 160GB Hard Disk Drive enabling storage of large print jobs which are easily accessible direct from the printers LCD panel
- Borderless printing, so no need for offline trimming – saving time and money
- Manage print costs and track ROI - full accounting and job costing software included
- Economy mode for lower running costs – reduces ink consumption
- Large, bright and easy to use LCD operation panel – easy access to sophisticated functions
- Choice of printer driver settings - tailored to suit expertise of user

- User friendly – simple roll paper loading and control the print from the front
- Bundled with free of charge PosterArtist Lite poster creation software – makes it easy to produce professional looking posters
- Print plug-ins for MS Office, Photoshop and Digital Photo Professional:
  - 64 bit compatibility
  - Photoshop plug-in has been enhanced to include CMYK (as well as RGB)
- Gigabit Ethernet compatible enabling fast data transfer, even for data-heavy files or high volume print jobs
